Re: Items That Cannot Be Flushed In Toilets

Dear Members,

To prevent plumbing issues, please ensure that you only flush human waste and the minimum amount of toilet paper needed or none at all in the toilets.

**Please DO NOT flush anything else.** Please dispose of anything else in the trash.

See the list below for examples of things that cannot be flushed.

**DO NOT FLUSH:**

- Tampons
- Pads or Sanitary Napkins
- “Flushable” Wipes
- Wet Wipes
- Baby Wipes
- Diapers
- Paper Towels
- Tissues
- Cotton Balls, Pads, or Q-tips
- Cat Litter

If you have any questions, please call the office at 586-739-7570.

Sincerely,

Village Square Cooperative
