Re: Wallside Windows Dumpsters & Spring Cleaning 2026 Notification

Dear Member(s),

The Bulk Trash Area is **PERMANENTLY CLOSED**. Please do not bring bulk trash to the area behind the office. Please do not leave bulk trash out with the trash pickup. Please do not put any trash in the black trailer near the office.

Wallside Windows currently has dumpsters near the basketball court at the office. They will continue to be there for the duration of the windows installation project.

DO NOT place any trash/bulk in these dumpsters. These dumpsters are not property of Village Square. There are cameras monitoring the areas surrounding the office.

If you place any trash in the dumpsters for Wallside Windows you will be charged a \$250 fine.

In April 2026, we will have three (3) dumpsters on site to facilitate Spring Cleaning. You will receive a notice at least two (2) weeks before the dumpsters will be on site with more details. If you need bulk trash removal before then, you can contact local organizations.

If you have further questions, please call the office at 586-739-7570.

Thank you for your cooperation!

Carolina Baeza
Property Manager
